

CALIBRADOR DE PAQUÍMETROS E TRAÇADORES DE ALTURA

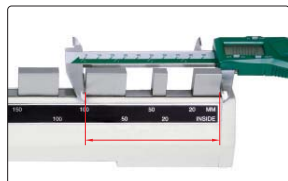

6884-300

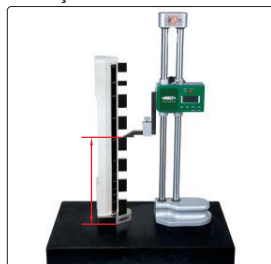

inspeção dos bicos de medição interna

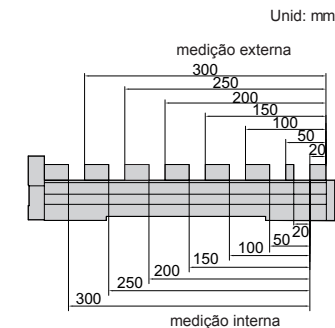

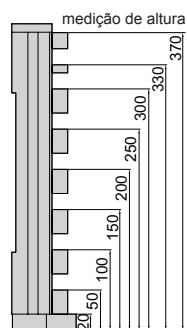

inspeção dos bicos de medição externa

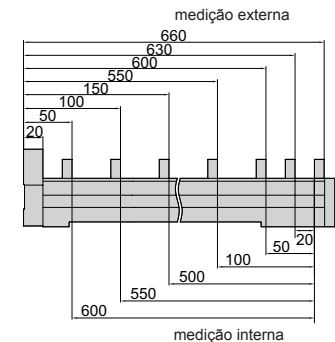

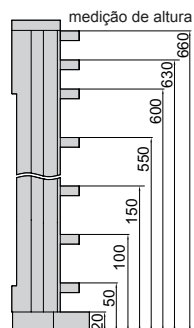

inspeção de calibradores traçadores de altura

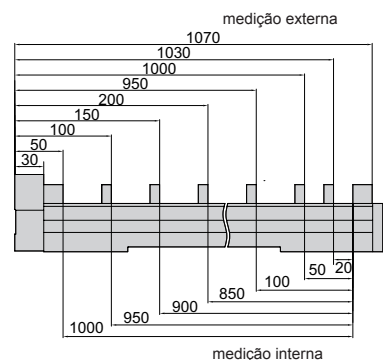

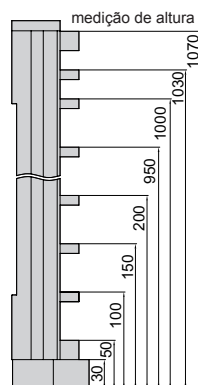

- Para inspeção de paquímetros e calibradores traçadores de altura
- Fabricado com blocos padrão de aço

6884-300

6884-600

6884-1000

(mm)

Código	Capacid.	Pontos de verificação interno	Pontos de verificação externo	Pontos de verificação de altura	Exatidão

* Fornecido com certificado de calibração de fabrica

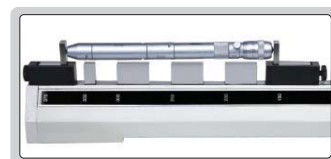

6884-A

Código	Descrição	Nota
6884-A*	acessório para micrômetros internos	com um par de blocos padrão de 5mm de metal duro ISO3650 classe0

* Fornecido com certificado de calibração de fábrica

para calibrar micrômetros internos tubulares
